FAQ

Will I have a window seat?

Every one of our passengers enjoys a window seat on board. That's a nonnegotiable for us. We're here to showcase the best of Broome, and we don't want you to miss a bit of it.

Am I allowed to take photos and videos?

Absolutely! You'll be seeing some of the most spectacular beauty the world has to offer and we hardly blame you for wanting to capture a part of it for your fridge.

Are infants and children allowed?

Lucky kids! Infants and children under three fly free, though must sit on your lap (a special safety belt is provided). We find most little ones fall asleep pretty quickly with the gentle humming of the engine so we can't promise they'll remember much... so be sure to take a picture to prove your status as the best parent in the world.

Can I fly while pregnant?

We regularly take pregnant women on board. However, we understand every woman and every pregnancy is different, so it's really up to you! If you have any concerns, please consult your doctor before you fly.

Do you cater for the elderly?

We take very good care of our older passengers and those who require a little extra assistance. We can also arrange vehicles to support less mobile passengers when we land for our stopovers, so please advise us if this is something you require at the time of booking.

Will I need to show proof of covid-19 vaccination?

Yes. The health and safety of our guests, staff and the community is of the utmost importance to us. We visit restaurants and remote communities on tour, so unless you have an approved medical exemption, in line with government directives anyone aged 16 and above must be vaccinated to join us.

Is Broome really as hot as they say it is?

Great question – and yes, it's beautiful and balmy year round! But don't worry, our brilliant bookings manager and all-round team hero Leanne has thought of everything. You'll find extra water bottles on board and frozen towels to keep you cool, so just bring your (non-aerosol) SPF, hat, sunnies and light, loose fitting threads, and you'll be sorted. And don't forget your bathers!

🕒 6 Hours

FULL DAY

AIR

Adventure

🕒 8 Hours

Don't have *enough time* up your sleeve to spend a full day with us?

We get it, there's a lot to see in our little part of the world. Never fear, a few hours is all we need to transport you to a seemingly far away land home to one of the world's greatest natural wonders (and bring you back, of course).

We'll even squeeze in a stop for a hot meal, a peek at Cygnet Bay Pearl Farm's luminous jewels and a quick dip in the resort's infinity pool.

Departures

We time our fly over so you see the falls at their peak, so departure time varies depending on the day's tides but is always between 7.00am-12.00pm.

Pricing

Adult (12-59 Yrs): **\$695** **Child** (3-11 Yrs): **\$645**
Senior (60 Yrs+): **\$680** **Infant** (Under 3 Yrs): **FREE***

*No seat: children and infants under three years old must sit on your lap.

Highlights

Horizontal Falls

The main event – an entirely unique phenomena hailed by David Attenborough as one of the world's greatest natural wonders (and he's seen a few). Fly over the falls and witness the world-renowned spectacle in all its glory.

Marvel at the majestic King Sound and Buccaneer Archipelago

Glowing rock formations, striking cliff faces and a thousand islands. Sound like something from another time? Well, it is. Fly over one of the most remote, rugged and untouched regions in the world, and watch time stop still.

Hot breakfast or lunch

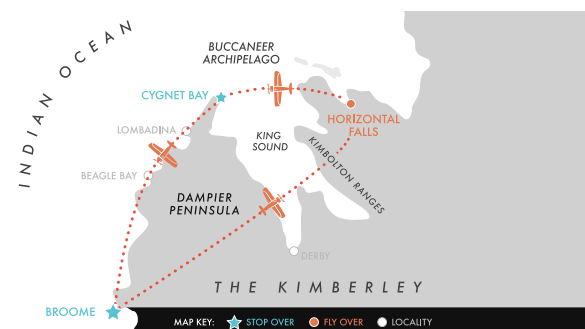

Drawing inspiration from their pearling history, indigenous ingredients and local seafood, Cygnet Bay Pearl Farm isn't your typical pitstop. Enjoy a hot breakfast or barramundi lunch – it doesn't get more Broome than that – with dietary options available.

Cygnet Bay Pearl Farm Discovery Tour

The best way to learn about the history of Cygnet Bay and how they culture some of the finest pearls in the world. Once the tour is complete make sure to take some time and enjoy the showroom at Cygnet Bay.

And a window seat to so much more...

You'll have the best seat in the house to Cape Leveque, Beagle Bay, the Lacepede Islands, James Price Point and more. Your ever-knowledgeable pilot's running commentary will ensure you won't miss a thing.

Bear witness to one of the *world's* greatest natural wonders.

Spectacular gorges, stunning turquoise waters and one thrilling tidal event make for a scene straight out of the next Indiana Jones blockbuster.
